

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the task requires positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will really help make the task go easier and faster. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply 80 inches of boom travel for precision placement functionality. There are also many optional Lull accessories for their telehandlers so as to help do any task.
