

Spreader Bar for Forklift

Forklift Spreader Bars - ELME has been proudly operating ever since nineteen seventy four, becoming the biggest independent spreader manufacturer all over the world. They are a devoted producer of spreaders for many various applications like the swap bodies, trailers, and handling of containers.

ELME presently has over 125 staff with all engineering is done in house by means of making use of all of the most up-to-date FEM tools and CAD systems. Their spreaders are supplied to reach ship-to-shore cranes, stackers, straddle carriers, lift trucks, gantry and quayside all-around the globe.

The ELME product range offers spreaders designed for a variety of container and trailer handling operations. Some of their inventory include: Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes plus a huge range of attachments.

Manufacturing and production of ELME products are established in highly automated purpose designed factory. In the year 2008, they made 1150 spreaders by using quality parts in order to guarantee reliability and excellent standards. Major features of ELME comprise design simplicity, market response and ground-breaking modular spreader concept.
