

Electrical Part for Forklifts

Forklift Electrical Parts - Forklifts and various lift trucks may have specific labels for use in some hazardous locations. The label denotes that this specific model of lift truck meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 utilized for internal combustion engine lift trucks.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Check with your local insurance provider and Fire Marshall for further info on the approved uses of industrial powered trucks in your application.

If the lift truck has been found to meet the outlined criteria, the following labels can be put. A labeled truck would have the type designation placed on the lift truck nameplate and would have one of the following labels put.
